

24" X 24" SEWAGE BASIN PACKAGES

pentair.com/myers

PENTAIR® MYERS® 24" X 24" SEWAGE BASIN PACKAGES

The 24" x 24" Sewage Basin is designed to be installed in a basement floor to collect sewage or effluent water from toilet, washer, dishwasher or a sink so that it can be pumped away with a sewage or grinder pump.

- ◆ Pre-assembled from factory to help make installation quicker and easier than non-pre-assembled product.
- ◆ Cast iron sewage and grinder pump construction help to prolong pump life.
- ◆ Thicker* structure for enhanced durability.
- ◆ Specially designed bottom grooves for easier leveling in rough soil.
- ◆ Molded torque stops help keep pump in place.

SB24VRS10 shown with tethered float switch and optional SA-1 alarm

- ◆ 38.5 Gallon capacity for longer pump cycles prolonging the pump life.
- ◆ Pre-installed schedule 80 PVC pipe.
- ◆ Robust polyethylene structure that is thicker than previous models for superior durability.
- ◆ 5 Additional flats for adding or changing inlet pipe location.

SA-1

*Compared to previous models.

Optional Alarm Level for Improved Peace of Mind

- ◆ Quick connect terminal block
- ◆ Corrosion resistant construction
- ◆ Indoor, NEMA 1 enclosure
- ◆ Audible and visual alarm

FEATURES FOR ENHANCED PROTECTION

5 Corrosion resistant stainless steel bolts for a tighter connection.

6 Easy access holes for quicker inspection.

7 Molded torque stops help maintain pump placement for reduced maintenance.

8 Specially designed pads and grooves on the bottom for easier leveling in rough soil.

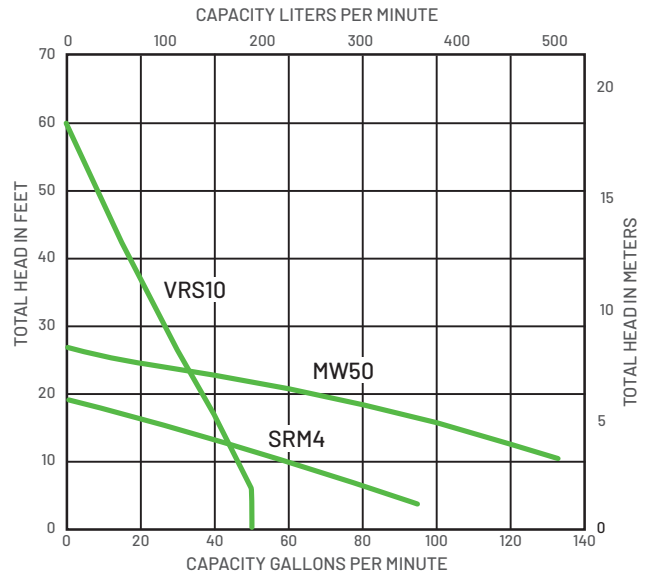

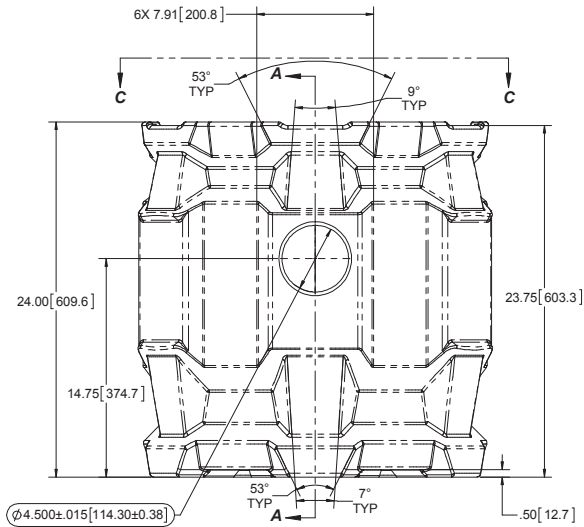

9 True round inlet with no pattern shift or parting line down the center to help prevent leaks.

PENTAIR® MYERS® 24" X 24" SEWAGE BASIN PACKAGES
